

in the pen.

There was a color at wayside after keeping a name of flower on a path in mind.

05_ オガタマノキ [南知多町]

06_ オランダミミナグサ [美浜町]

cover_ 森の小川 [南知多町]

[南知多町]

01 _ *Dayus takagii*

"Spring is near. In a quiet forest, a leafhopper with red body bounced on the moss."

[Minamichita T.]

02 _ *Neocheiropteris ensata*

"Ferns that grow on the forest floor." [Minamichita T.]

03 _ A kind of aquatic bugs

"Larvae of small bugs are beginning to swim in the water of the pond." [Tokoname C.]

04 _ *Rana japonica*

"In the rice fields that are still untouched, the first thing that appears is the egg mass of the brown frogs." [Mihama T.]

05 _ *Michelia compressa*

"Magenta and white petals are falling at the root. The flowers are blooming on the top of the tree." [Minamichita T.]

06 _ *Cerastium glomeratum*

"A mouse-ear chickweed began to open its petals." [Mihama T.]
